Speedy Rain 2-pitch Sprinkler Package

Lowara e-HM pump

WRAS approved 30,000 litre storage tank

Description

Designed as a complete watering solution for 2 adjacent football or rugby pitches, the system consists of a Speedy Rain reel irrigator; a large water storage tank and pump to give the required pressure and 150m of underground pipe to the hydrant box.

The system will allow 28mm of water to be applied to both 68m x 110m pitches over an 8 day period.

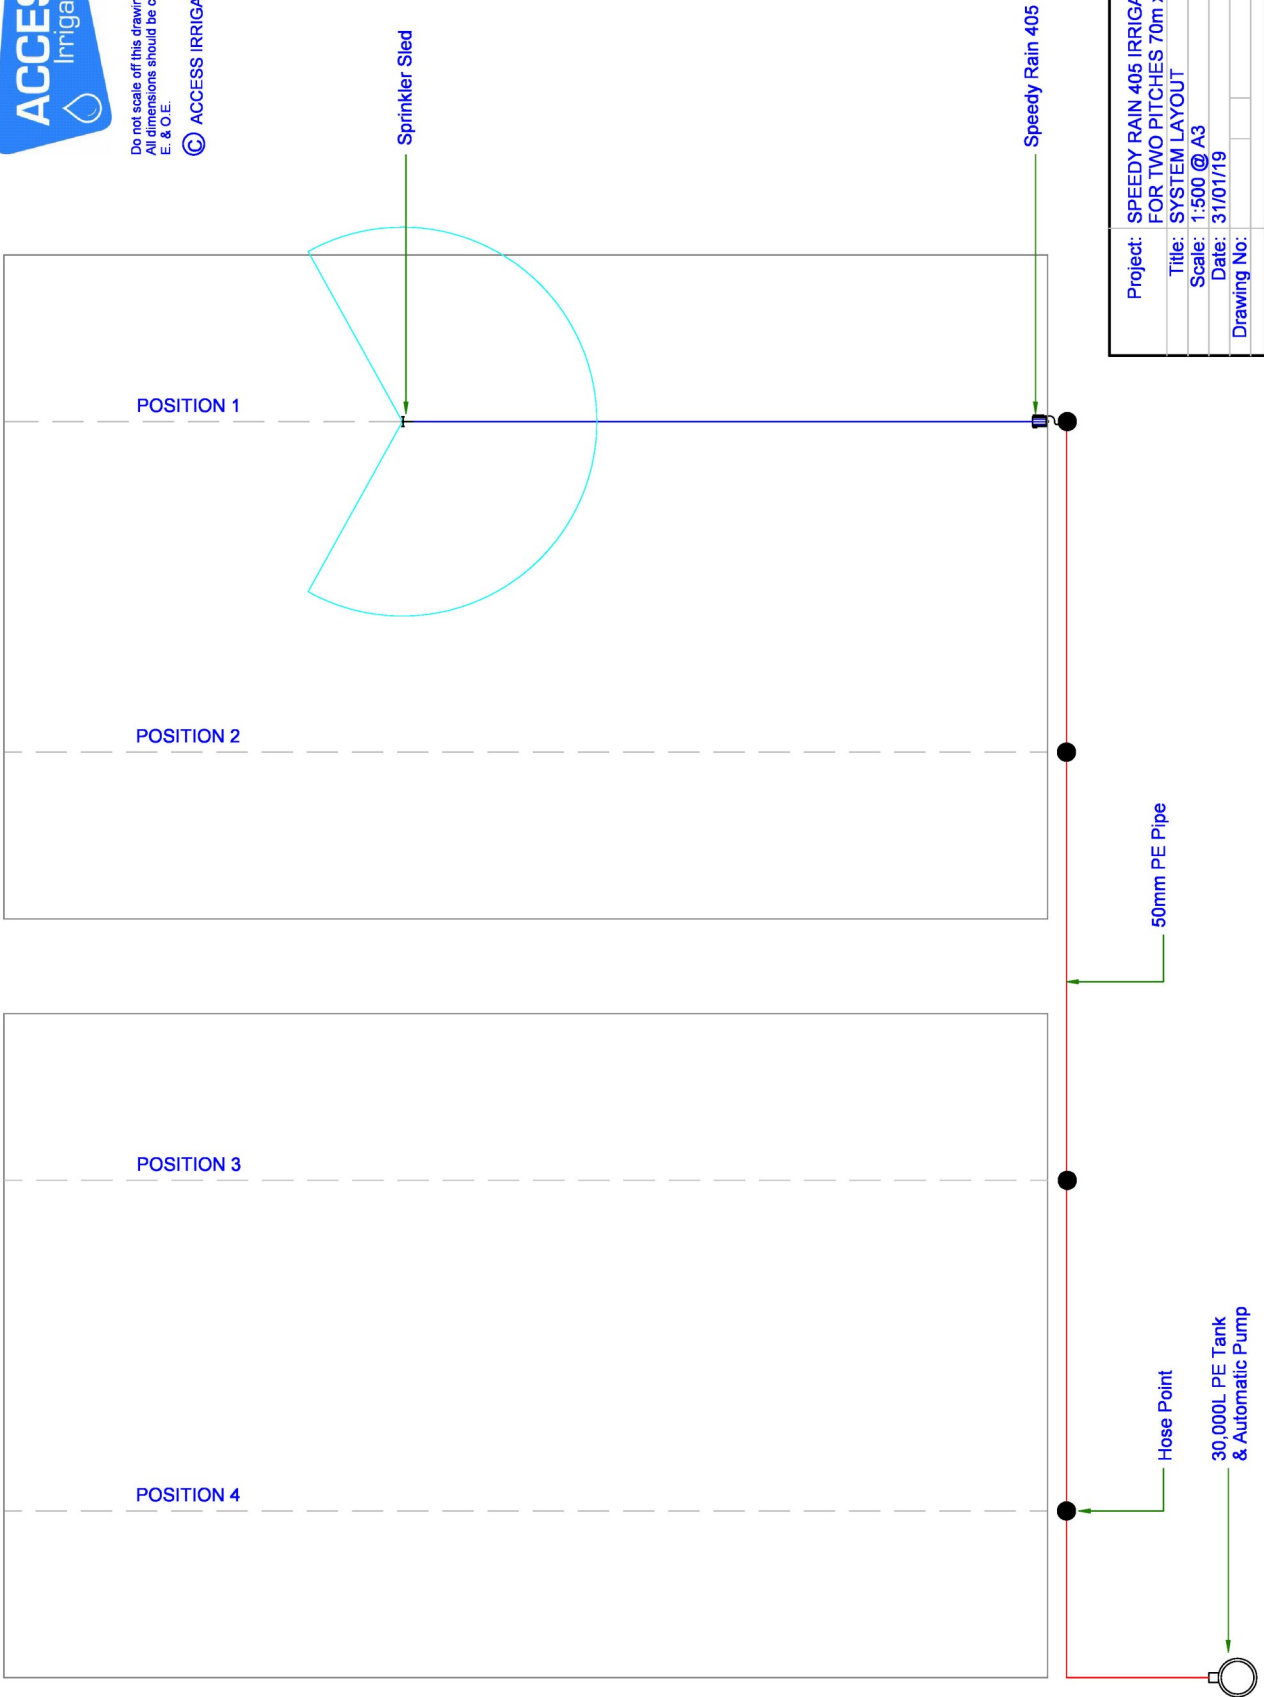

A full system specification is available on request
